TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 5 Other:

The Applicant is thanked for the Amendment (filed 30 November 2007). However, a seemingly non-compliant issue has been discovered in the paper, requiring attention before examination may continue.

The previous 'Notice of Non-Compliant Amendment' (mailed 1 November 2007) found the 'Amendments to the Specification' section of the Amendment (filed 11 December 2006) to be non-compliant.

The examiner thanks the Applicant for responding by now submitting corrected specification paragraphs in the Amendment (filed 30 November 2007).

However, the Amendment (filed 30 November 2007) appears to be designed as an addendum to the non-compliant 'Amendments to the Specification' section of the Amendment (filed 11 December 2006). This is improper.

In particular, the 'Amendments to the Abstract' portion (see page 8 of the Amendment filed 11 December 2006) is absent from the new Amendment (filed 30 November 2007).

MPEP 714(II)(A)(B) requires, "a section (must begin on a separate sheet) entitled 'Amendments to the Specification' (if there are any amendments to the specification). This section should include all amendments to the specification including amendments to the abstract of the disclosure."

Because the 'Amendments to the Specification' section of the Amendment (filed 11 December 2006) was deemed non-compliant, the entire content of this section is no longer recognized as a part of the official prosecutorial record. Therefore, the examiner cannot consider, examine, or respond to any portion of the non-compliant 'Amendments to the Specification' section of the Amendment (filed 11 December 2006).

The 'Response to Notice of Non-Compliant Amendment' should function as a full replacement of the non-compliant 'Amendments to the Specification' section of the Amendment (filed 11 December 2006).

Therefore, the Applicant is respectfully requested to submit at least a new corrected 'Amendments to the Specification' section which incorporates the content of the 'Amendments to the Abstract' portion of the Amendment (filed 11 December 2006 -- see page 8) along with the corrected content of the Amendment (filed 30 November 2007).

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The response not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent response, yet another Notice of Non-Compliant Amendment will be necessitated. Applicant's cooperation is requested in correcting any other errors of which Applicant may become aware.
